

# **Taylor Bailey**

24423 119<sup>th</sup> Ave SE | Kent, Washington 98030 | 206.427.0982 | taylor-bailey@live.com

## **Career Focus**

Current college student with experience in Object-Oriented, and Web Development languages. Self-motivated learner, willing and able to learn new systems and adapt with changing corporate environments.

## **Education**

**Bachelor of Software Engineering, 4/2020**

*Brigham Young University-Idaho; Rexburg, Idaho*

Major: Software Engineering

Focus: Full-Stack Development

Object-Oriented Languages: C++, C#, Java

Web Development: JavaScript, CSS, HTML, SQL

Frameworks: .NET

Platforms: Windows, Linux

Experiences:

- Learned to present myself in a technical and professional field to both technical and non-technical audiences.
- Learned to write code in a professional and organized fashion following coding conventions of Microsoft, and Google.

## **Projects**

- Created a website for a fictitious mountain biking company, the website had pages for bikes, tours, events, and servicing.
- Created and designed a weather website that displayed weather data for 3 different cities, the weather data was pulled using a weather API.
- Created a website to host my resume on with links to projects. [Link](#).

## **Experience**

### **Boy Scouts of America,**

- Achieved rank of Eagle in the Boy Scouts which is the highest rank to achieve
- I hosted and ran a service project for restoration of a park in my community
- Throughout Boy Scouts I served in leadership positions within my group

### **Volunteer work, 12/16 to 07/17**

*Boy Scouts of America: Green River District*

- Volunteered as a program director for a summer boys camp, I worked with a team to create and deliver a program of activities for the boys to enjoy as well as work on achievements for their badges
- Worked on individual activities and created detailed documents for running each activity

### **Amazon.com, 08/16 to 12/17**

*Fulfillment associate: Kent, Washington.*

- Worked inside Amazon's warehouse on a team unloading trucks with forklifts to supply floors with product.
- Received supply and stored it in warehouse locations to later be shipped out to the customer.

### **BestBuy, 09/18 to Current**

*Geek Squad Agent: Federal Way, Washington.*

- Worked as a Consultation Agent interacting with clients and their computers to help figure out what needs to be done, including checking in devices and doing checkouts at the POS.
- Worked with software issues on different types of devices working mainly with laptops.
- Further improved my customer service skills by helping out clients that come in frustrated with their computer and help them get to a calm and happy state.
- Further improved my skills with working in a team, by working with a team of 6 other guys to improve the store's precinct.
